**Hiring Manager**

Pacific Sunwear Stores LLC  
3450 E Miraloma Ave  
Anaheim, CA 92806

Dear Hiring Manager,

I am writing to express my interest in the Associate Web Developer position at Pacific Sunwear Stores LLC. As a dedicated front-end developer with a deep passion for building engaging digital experiences, I bring a strong foundation in HTML, CSS, and JavaScript, along with a creative edge enhanced by my experience with Adobe Photoshop.

My current skill set includes proficiency in HTML5, CSS3, and JavaScript, which I've used to develop responsive, mobile-friendly websites with a focus on user experience and design accuracy. Although I have not yet worked with frameworks like React or Vue.js, I am a fast learner and highly motivated to expand my technical knowledge. I've taken initiative to study component-based design and understand modern JavaScript practices that align with today's development standards.

In addition to coding, my background in Photoshop allows me to translate visual concepts into functional, accessible layouts. I'm detail-oriented, efficient in a collaborative setting, and thrive in fast-paced environments where creativity meets execution. The opportunity to contribute to Pacsun—a brand that merges fashion, music, and digital culture—deeply resonates with me.

I am local to Anaheim and available for on-site work. I would welcome the chance to discuss how I can support Pacsun's digital initiatives and bring value to your development team. Thank you for your time and consideration.

Sincerely,  
**Daniel Cendejas**
